SELLING STOCKHOLDERS

On July 31, 2009, we completed our private offers to exchange certain of our existing senior notes for a combination of new senior secured notes, shares of common stock and cash. In connection with these exchange offers, we entered into a registration rights agreement (the “Registration Rights Agreement”), for the benefit of holders of senior notes who received shares of our common stock in the exchange offers. Pursuant to the Registration Rights Agreement, we agreed, among other things, to file a shelf registration statement covering the resale on a delayed or continuous basis of the common stock received by these holders of senior notes. This prospectus covers 52,421,654 shares of our common stock that may be offered for resale by the selling stockholders named in this prospectus and/or in an accompanying prospectus supplement and the persons to whom the selling stockholders may transfer their shares and validly assign their rights under the Registration Rights Agreement. The information in this prospectus supplement, including the information in the table below, does not give effect to the one-for-ten reverse stock split of our common stock that we announced on October 6, 2009 and anticipate becoming effective on or about October 26, 2009.

Information below with respect to beneficial ownership has been furnished by each selling stockholder and we have not sought to verify such information. Except as stated in the footnotes below, none of the selling stockholders nor any of their affiliates, officers, directors or principal equity holders has held any position or office or has had any material relationship with us or any of our predecessors or affiliates within the past three years.

The following table sets forth information with respect to certain of the selling stockholders and the shares of our common stock beneficially owned by such selling stockholders that may from time to time be offered or sold pursuant to this prospectus. Information concerning the selling stockholders may change from time to time, and any changed information will be set forth in supplements to this prospectus or a post-effective amendment to the registration statement to which this prospectus relates if and when necessary. The selling stockholders may offer all, some or none of their shares of common stock. We cannot advise you as to whether the selling stockholders will in fact sell any or all of such shares of common stock. In addition, the selling stockholders listed in the table below may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, shares of our common stock in transactions exempt from the registration requirements of the Securities Act of 1933, as amended, or the Securities Act, after the date on which they provide the information set forth in the table below.
